

Community Health Sessions for Groups with English levels at CLB 4 & higher

The Diversity Liaisons Team of Primary Care Alberta (PCA), formerly part of Alberta Health Services (AHS), is dedicated to improving access to health services and information for diverse communities. We are excited to offer health sessions in English and/or select first languages, scheduled either virtually or in person at a convenient time for your group. Please note that PCA will conduct all virtual health sessions exclusively via Zoom. To stay updated on our list of health sessions, please visit <https://DiversityCalgary.ca>

You are invited to book any of the health sessions listed below for a group of 10 or more participants. We kindly ask that you provide us with at least one month's notice. For more information and to submit the completed request form, please contact us:

Health Sessions On Health Systems, Health Services & Health Benefits

Topic and estimated length	Health Session Contents
1. HIS Health Insurance System 1.5 hour	This session provides an overview of various health care options and programs available in Alberta, including Alberta Health Care Insurance, Alberta Blue Cross Insurance, Alberta Child Health Benefits, Alberta Adult Health Benefits, and Low-Income Eye and Dental Assistance Programs.
2. YHC Your Health Care Choices 1.5 hours	This session outlines key health care services available in Calgary, such as the 811 Health Advice phone service, family doctors, walk-in clinics, after-hours clinics, urgent care centers, emergency departments, and Access Mental Health. It also discusses how to use the 811 service and how to request health care interpretation services.

3. SHB Seniors' Health Benefits 2 hours	<p>For seniors, this session highlights health benefits related to programs such as Alberta Health Care, Alberta Blue Cross, dental and optical services, Alberta Aids to Daily Living, and the Special Needs Assistance Program. Information on health advice and interpreting services is also included, along with guidance on using the 811 service.</p>
4. THR Travel Health Risks – Visiting Friends and Relatives 1.5 hours	<p>This is a highlight of some health risks for those who may travel to their country of origin to visit friends/relatives. This also covers resources and useful tips on what to prepare before your trip.</p>
5. C19 COVID-19 Immunization 1.5 hours	<p>This health session is dedicated to discussing COVID-19, covering topics such as the virus itself, the COVID-19 vaccines, recommendations on who should and should not get vaccinated, how and where to get vaccinated, potential side effects, and resources for more information.</p>
6. CAT COVID-19 & Travel 1.5 hours	<p>This session talks about travel health risks related to COVID-19, travel insurance, Canada's accepted COVID-19 vaccines and documentation, dos and don'ts for fully vaccinated travelers, acceptable COVID-19 tests, and where and how to obtain testing and proof of vaccination, along with resources for up-to-date information.</p>
7. CCHS The Culture of the Canadian Health System 1.5 hours	<p>This session contains stories that illustrate the unique culture of the health system, emphasizing that everyone has access to health care, adults are responsible for making their own health care decisions, emergency departments are designated for life-threatening issues, and the roles of family doctors and patients within the system. Newcomers and participants will learn about the essential health care options available in Calgary, when and how to appropriately use these services, and the roles of health professionals and patients in the Canadian health care system.</p>
8. ACP Advance Care Planning ACP Part I --1.5 hours ACP Part II--1.5 hours ACP Part I&II-- 2.5 hours	<p><u>Advance care planning</u> involves outlining and documenting your health care wishes for both the present and the future. This process is important for all adults, especially for those with health issues. The session can be split into two parts: Part I covers what advance care planning is, the significance of a Personal Directive, and how to prepare one; Part II explains what a Goals of Care Designation Order is, the meaning of a green sleeve, and how to obtain one.</p>

	<p><u>Personal Directive:</u> Your Personal Directive is a legal document that designates someone you trust to make important decisions on your behalf if you become unable to do so.</p> <p><u>Goals of Care Designation Orders:</u> Your Goals of Care Designation Order is A medical order that enables the health care team to align your values and preferences with the care you receive, should you be unable to communicate your wishes.</p>
